

LAY IT OUT

Name:

Date:

Phone Number:

Designer:

REMEMBER TO...

- 1) Draw the layout of your existing kitchen including cabinets, countertops, doors, windows, floor vents, etc. Make note of electrical outlets and switches.
- 2) Record locations of existing sink, and appliances
- 3) Measure windows and doors inclusive of trim

This is just a rough lay out for quote purposes, an exact site measure will be done at a later date.
