A Little About Us

Wow! We can't believe it, but Blue Mountain Kitchens is turning 10 in 2023. It has been ten years of creating beautiful kitchens, collaborating with clients, and supporting our local community.

This upcoming year is already busy, and we don't take that for granted. We will continue to build our bespoke UGO cabinetry line; our market testing has spoken and says you want a quicker, less expensive line that doesn't limit choices and features.

We will also continue to invest in the backbone of our company and our team and work to provide the most seamless, transparent, and fun (because this process should be fun!) experience to our clients.

Thank you for your support!

The Blue Mountain Team

ÜGO Features

- 01** 3/4 " Mighty Case Construction. Stronger and built for longevity. 3/4" material protects against warpage and sagging.
- 02** Water Resistant - cabinets are sealed with a 1mm thick PVC strip preventing H2O from penetrating the sub core, meaning your cabinets won't swell
- 03** 3/4 " Hardbacks - hardbacks are an installer's dream because you can screw wherever is required, so you get the most solid installation possible.
- 04** Metal-Sided Drawer Boxes - Also known as tandem boxes have under-mount drawer slides and are durable and water resistant.
- 05** Full Extension Drawers- the drawer box extends fully out of the cabinet for easy access
- 06** Integrated Soft Close Hinges - fewer parts which means fewer problems. It also creates a cleaner look.
- 07** Adjustable Legs - allow for easy leveling when installing. They also elevate the cabinet off the floor, protecting it from water damage.
- 08** Adjustable Holes and Pucklight Shelves - our adjustable holes are strategically placed for a clean interior look. Our puck light shelves are standard on each upper cabinet.
- 09** 9 Door Styles, 36 colour choices., including PVC, TFL and PET

Columbia Features

- 01** Established for over 40 years and Locally made in Abbotsford, BC.
- 02** 3/4 " case construction that is dowelled and glued, not stapled together. Cases have solid tops.
- 03** Cases have adjustable legs, making them easy to level and minimizing water damage in a flood.
- 04** Full-height drawers; this maximizes space and utility. Drawers are also full extension with under-mount drawer glides. Cabinets use Blum hardware.
- 05** Wood is harvested from the same geographical location, which allows for consistency. Each shipment is tested for moisture control. to ensure minimal expansion and contraction
- 06** Superior door finishes. Several layers are baked to create an incredibly hard finish.
- 07** Limited lifetime warranty

Handles, Sinks, Faucets, Inserts and More.

We carry a complete line of Marathon and Richelieu inserts. For your convenience, we can also provide sinks, faucets, and bathroom accessories

Testimonials

“ Hands down our "Go To" place for cabinetry, accessories, and counter tops! Be it spec builds, renovations, or high-end custom homes, Blue Mountain has everything you'll need. A superior ability to match quality with your budget. We recommend them to all of our family, friends, and clients. ”

James - Firestar

“ We did a complete kitchen reno, it ended up absolutely beautiful. We are so happy we are having our bathroom cabinets installed by Blue Mountain as well. Next, the laundry room cabinets. ”

Al Parkhill

“ We had an excellent experience with Blue Mountain Kitchens. Our Designer was easy to work with and we appreciated her design expertise, product knowledge and creativity. The installer, was professional, pleasant, tidy and his workmanship was meticulous. We highly recommend Blue Mountain Kitchens and we now have the perfect kitchen for our needs. Thank you everyone! ”
